# INFORMATION ABOUT THE NORTH CAROLINA REGISTER AND ADMINISTRATIVE CODE

## NORTH CAROLINA REGISTER

The *North Carolina Register* is published monthly and contains information relating to agency, executive, legislative and judicial actions required by or affecting Chapter 150B of the General Statutes. All proposed administrative rules and amendments filed under Chapter 150B must be published in the Register. The Register will typically comprise approximately one hundred pages per issue of legal text.

State law requires that a copy of each issue be provided free of charge to each county in the state and to various state officials and institutions. The *North Carolina Register* is available by yearly subscription at a cost of ninety-five dollars (\$95.00) for 12 issues.

Requests for subscription to the *North Carolina Register* should be directed to the Office of Administrative Hearings, P. O. Drawer 11666, Raleigh, N. C. 27604, Attn: Subscriptions.

## ADOPTION, AMENDMENT, AND REPEAL OF RULES

An agency intending to adopt, amend, or repeal a rule must first publish notice of the proposed action in the *North Carolina Register*. The notice must include a reference to the Statutory Authority for the action; the time and place of the public hearing and a statement of how public comments may be submitted to the agency either at the hearing or otherwise; the text of the proposed rule or amendment; and the proposed effective date.

The Director of the Office of Administrative Hearings has authority to publish a summary, rather than the full text, of any amendment which is considered to be too lengthy. In such case, the full text of the rule containing the proposed amendment will be available for public inspection at the Rules Division of the Office of Administrative Hearings and at the office of the promulgating agency.

Following publication of the proposal in the *North Carolina Register*, at least 60 days must elapse before the agency may take action on the proposed adoption, amendment or repeal.

When final action is taken, the promulgating agency must file any adopted or amended rule with the Office of Administrative Hearings. If it differs substantially from the proposed form published as part of the public notice, the adopted version will again be published in the *North Carolina Register*.

A rule, or amended rule, cannot become effective earlier than the first day of the second calendar month after the adoption is filed.

Proposed action on rules may be withdrawn by the promulgating agency at any time before final action is taken by the agency.

## TEMPORARY RULES

Under certain conditions of an emergency nature, some agencies may issue temporary rules. A temporary rule becomes effective when adopted and remains in effect for the period specified in the rule or 120 days, whichever is less. An agency adopting a temporary rule must begin normal rule-making procedures on the permanent rule at the same time the temporary rule is adopted.

## NORTH CAROLINA ADMINISTRATIVE CODE

The North Carolina Administrative Code (NCAC) is a compilation and index of the administrative rules of 25 state agencies and 38 occupational licensing boards. The NCAC comprises approximately 15,000 letter size, single spaced pages of material of which approximately 35% is changed annually. Compilation and publication of the NCAC is mandated by G.S. 150B-63(b).

The Code is divided into Titles and Chapters. Each state agency is assigned a separate title which is further broken down by chapters. Title 21 is designated for occupational licensing boards.

The NCAC is available in two formats.

- (1) In looseleaf pages at a minimum cost of two dollars and 50 cents (\$2.50) for 10 pages or less, plus fifteen cents (\$0.15) per each additional page.
- (2) On microfiche. The microfiche edition is revised semi-annually (March and October) and can be purchased for forty dollars (\$40.00) per edition. Due to the volume of the Code, the complete copy can only be purchased on microfiche. The NCAC on microfiche is updated monthly by publication of a "List of Rules Affected" which sets out rules filed the previous month, the action taken, and the effective date of the change. This list is published in the *North Carolina Register*.

Requests for looseleaf pages of rules or the NCAC on microfiche should be directed to the Office of Administrative Hearings.

## NOTE

The foregoing is a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Articles 2 and 5 of Chapter 150B of the General Statutes be examined carefully.

## GENERAL STATUTES OF NORTH CAROLINA

[The following excerpt contains the statutory provisions that govern the Administrative Rules Review Commission as amended by Chapter 285; Session Laws of 1987. Note: These provisions may be subject to variable effective dates through October 1, 1987. Persons concerned should consult the Session Law or the Administrative Rules Review Commission Staff for specific information.]

### CHAPTER 143B

"Part 3. Administrative Rules Review Commission.

"§ 143B-30. Definitions. --As used in this Part, the following definitions apply:

'Agency' means an agency subject to the provisions of Article 2 of Chapter 150B of the General Statutes.

'Commission' means the Administrative Rules Review Commission.

'Rule' means a 'rule', as defined in G.S. 150B-2(8a).

"§ 143B-30.1. Administrative Rules Review Commission created. --The Administrative Rules Review Commission is created. The Commission shall consist of eight members to be appointed by the General Assembly, four upon the recommendation of the President of the Senate, and four upon the recommendation of the Speaker of the House of Representatives. These appointments shall be made in accordance with G.S. 120-121, and vacancies in these appointments shall be filled in accordance with G.S. 120-122. All appointees shall serve two-year terms. Any appointment to fill a vacancy on the Commission created by the resignation, dismissal, ineligibility, death, or disability of any member shall be for the balance of the unexpired term. The chairman shall be elected by the Commission, and he shall designate the times and places at which the Commission shall meet. The Commission shall meet at least once a month. A quorum of the Commission shall consist of five members of the Commission.

Members of the Commission who are not officers or employees of the State shall receive compensation of two hundred dollars (\$200.00) for each day or part of a day of service plus reimbursement for travel and subsistence expenses at the rates specified in G.S. 138.5. Members of the Commission who are officers or employees of the State shall receive reimbursement for travel and subsistence at the rate set out in G.S. 138-6.

The Office of Administrative Hearings shall provide administrative and support staff to the Commission to assist it in performing its duties.

"§ 143B-30.2. Review of rules. -- (a) Rules adopted by an agency on or after September 1, 1986, shall be submitted to the Administrative Rules Review Commission, which shall review the rule to determine whether it:

- (1) Is within the authority delegated to the agency by the General Assembly;
- (2) Is clear and unambiguous;
- (3) Is reasonably necessary to enable the administrative agency to perform a function assigned to it by statute or to enable or facilitate the implementation of a program or policy in aid of which the rule was adopted.

Any rule filed by the 20th of a month shall be reviewed by the Commission by the last day of the next calendar month. Any rule filed after the 20th of a month shall be reviewed by the Commission by the last day of the second subsequent calendar month. The Commission may extend the time for review of a rule by a period of up to 70 days to obtain additional information on the rule. The Commission shall file notice of the extension of time for review of a rule with the agency and the Director of the Office of Administrative Hearings. A rule may not be presented for filing with the Director of the Office of Administrative Hearings under G.S. 150B-59 unless the rule has been reviewed by the Commission as provided in this section.

(b) If the Commission reviews a rule and determines that it is within the authority delegated to the agency, is clear and unambiguous, and is reasonably necessary, the Commission shall note its approval, notify the agency, and file the rule with the Director of the Office of Administrative Hearings under G.S. 150B-59, and the rule shall become effective as provided in that section.

(c) If the Commission finds that an agency did not act within the authority delegated to it in promulgating a rule or a part of a rule, or that a rule is not clear and unambiguous, or that a rule is unnecessary, the Commission shall object and delay the filing of the rule or part of the rule under G.S. 150B-59 for a period not to exceed 90 days. The Commission shall send to the agency, the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Director of the Office of Administrative Hearings, a written report of the objection and delay of the rule or its part and the reasons for the delay. An agency may not present a rule or part of a rule that has been delayed to the Director of the Office of Administrative Hearings for filing under

G.S. 150B-59, and a rule or its part that is delayed is not 'effective', as defined in G.S. 150B-2(2a).

(d) Within 30 days after receipt of the Commission's written report as authorized by (c), the agency shall either (1) revise the rule to remove the cause of the objections of the Commission and return the revised rule to the Commission or (2) return the rule to the Commission without change with the Commission's objections attached; provided, however, that in the case of a board, committee, council, or commission the response is due within 30 days after receipt of the Commission's written report or within 10 days following the next regularly scheduled meeting of the board, committee, council, or commission, whichever time period is greater. The Commission shall determine whether a revision removes its objections to the rule.

(e) If the Commission determines that a revision of a rule has removed the Commission's objections, the Commission shall note its approval and return the rule to the agency. The agency may then file the rule with the Director of the Office of Administrative Hearings under G.S. 150B-59, and the rule shall become effective as provided in that section.

(f) Regardless of whether the agency returns the rule to the Commission without change instead of revising the rule to remove the Commission's objections or whether the Commission determines that a revision of a rule has not removed its objections, the Commission shall note its review of and objection to the rule once 90 days have passed since the Commission objected and delayed the filing of the rule or part of the rule pursuant to G.S. 143B-30.2(c) and shall return the rule to the agency. The agency may then file the rule with the Director of the Office of Administrative Hearings under G.S. 150B-59, and the rule shall become effective as provided in that section. If the agency did not remove the Commission's objections to the rule or part of the rule, the Commission may send to the President of the Senate and the Speaker of the House of Representatives a written report of its objections to the rule. Thereafter, if the General Assembly enacts legislation

disapproving the rule, the rule shall no longer be effective.

The Legislative Services Officer shall send a copy of any law disapproving a rule to the agency and the Director of the Office of Administrative Hearings as soon as a copy is available.

(g) While the filing of a rule or its part is delayed, the agency that promulgated it may not adopt another rule, including a temporary rule, that has substantially identical provisions to those for which the Commission delayed the filing of the original rule or part of a rule.

(h) The filing of an amendment to a rule places the entire rule before the Commission for its review.

(i) Rules adopted in accordance with the procedure in G.S. 150B-13 shall be reviewed by the Commission and are subject to objection as provided in (c).

The Commission shall review the reasons given for the adoption of a temporary rule and may object to the rule due to the agency's failure to make the finding required by G.S. 150B-13.

"§ 143B-30.3. Hearings. -- (a) Notwithstanding G.S. 143B-30.2(a), at any time before the time for review set out in that subsection expires or upon the written request of any agency, the Commission may call a public hearing on any rule. Within 60 days after the public hearing, the Commission may find that the agency did not act within the authority delegated to it in promulgating the rule, or that the rule is not clear and unambiguous, or that the rule is unnecessary, and object to and delay the rule in accordance with G.S. 143B-30.2.

(b) At least 15 days before the public hearing, the Commission shall give notice of the hearing to the rulemaking agency, to any person who requests a copy of the notice, and to any person who may be affected by the rule in the opinion of the chairman of the Commission.

"§ 143B-30.4. Evidence. --Evidence of the Commission's failure to object to and delay the filing of a rule or its part shall be inadmissible in all civil or criminal trials or other proceedings before courts, administrative agencies, or other tribunals."

## VOTING RIGHTS ACT FINAL DECISION LETTERS

*[G.S. 120-30.9H, effective July 16, 1986, requires that all letters and other documents issued by the Attorney General of the United States in which a final decision is made concerning a "change affecting voting" under Section 5 of the Voting Rights Act of 1965 be published in the North Carolina Register.]*

U.S. Department of Justice

Washington, D.C. 20530

Office of the Assistant  
Attorney General

July 6, 1987

Michael Crowell, Esq.  
Tharrington, Smith & Hargrove  
P. O. Box 1151  
Raleigh, North Carolina 27602

Dear Mr. Crowell:

This refers to the 1966 change from single-member districts to an at-large method of nominating candidates, and Chapter 151, H.B. No. 311 (1969) and Chapter 167, S.B. No. 209 (1969), which provide for staggered, four-year terms for the board of commissioners in Onslow County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your submission on May 5, 1987.

We have considered carefully the information you have provided as well as information received from other interested parties. With regard to the change in the nomination process from district to at-large elections, the Attorney General does not interpose any objection. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such change. See Section 51.41 of the Procedures for the Administration of Section 5 [52 Fed. Reg. 496 (1987)].

With regard to Chapters 151 and 167, we note at the outset that under the election system adopted by the county in 1966, and precleared above, the county commission is comprised of five members nominated and elected at large on a partisan basis for concurrent, two-year terms, with a majority vote requirement in the primary election. Since that system now has met the Section 5 preclearance requirement, it is against those procedures that we must measure the effect of the change to staggered, four-year terms as set forth in Chapters 151 and 167. See also Section 51.54(b) [52 Fed. Reg. 498 (1987)].

Viewed in that context, our analysis reveals that black candidates for county-wide office repeatedly have been unsuccessful due at least in part to an apparent pattern of racially polarized voting in county elections. Despite this voting pattern, however, and apparently through the election device of single-shot voting, the electoral history of Onslow County shows that black candidates frequently finish fourth or fifth in multi-candidate, multi-position contests. The one instance where a black candidate finished higher than fourth was a special runoff primary and general election (for the board of education) in which voter turnout was unusually low and, even in that contest, we note that the black candidate finished fifth in the first primary and qualified for the runoff only because five positions were to be elected to the school board. Thus, by restricting the number of commissioner positions to be filled at each election to two or three instead of five, it appears that the adoption of staggered terms reduces the utility of single-shot voting and thus diminishes the opportunity of black citizens to elect candidates of their choice to the board of commissioners.

Under Section 5 of the Voting Rights Act, the submitting authority has the burden of showing that a submitted change has no discriminatory purpose or effect. See Georgia v. United States, 411 U.S.

526 (1973); see also Section 51.52(a) [52 Fed. Reg. 497-498 (1987)]. In light of the considerations discussed above, I cannot conclude, as I must under the Voting Rights Act, that that burden has been sustained in this instance. Therefore, on behalf of the Attorney General, I must object to Chapters 151 and 167 (1967) to the extent that they provide for staggered terms.

Of course, as provided by Section 5 of the Voting Rights Act, you have the right to seek a declaratory judgment from the United States District Court for the District of Columbia that this change has neither the purpose nor will have the effect of denying or abridging the right to vote on account of race or color. In addition, Section 51.45 of the guidelines [52 Fed. Reg. 496 (1987)] permits you to request that the Attorney General reconsider the objection. However, until the objection is withdrawn or a judgment from the District of Columbia Court is obtained, the effect of the objection by the Attorney General is to make the use of staggered terms legally unenforceable. See Section 51.10 [52 Fed. Reg. 492 (1987)].

To enable this Department to meet its responsibility to enforce the Voting Rights Act, please inform us of the course of action Onslow County plans to take with respect to this matter. If you have any questions, feel free to call Mark A. Posner (202-724-8388), Deputy Director of the Section 5 Unit of the Voting Section.

Sincerely,

Dear Mr. Crowell:

This refers to Chapter 193, H.B. No. 75 (1987), which provides for a twelve-member board of education elected from six double-member districts for six-year, staggered terms, the districting plan, the implementation schedule, the use of numbered positions in the 1987 election, and the procedures for filling vacancies; and Section 6.7 of Chapter 549, S.B. No. 348 (1987), which amends the candidate filing period for the board's 1987 election in Pitt County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your initial submission on June 2, 1987; supplemental information was received on July 6, 1987. In accordance with your request, expedited consideration has been given this submission pursuant to Section 51.34 of the Procedures for the Administration of Section 5 [52 Fed. Reg. 495 (1987)].

The Attorney General does not interpose any objections to the changes in question. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such changes. In addition, as authorized by Section 5, the Attorney General reserves the right to reexamine this submission if additional information that would otherwise require an objection comes to his attention during the remainder of the sixty-day review period. See Sections 51.41 and 51.43 [52 Fed. Reg. 496 (1987)].

## STATEMENTS OF ORGANIZATION

departments, institutions and clerks of court. An important part of the audit function is the annual audit of the general purpose financial statements included in the State of North Carolina's comprehensive annual financial report. This report is widely circulated throughout the nation and is heavily relied upon by bondholders and federal authorities.

Audits are conducted in conformity with G.S. 147 and the Federal Single Audit Act of 1984. They are accepted as meeting the necessary standards of the various inspectors general of federal grantor agencies.

In addition, the State Auditor's Office audits state programs and activities and reports on their economy, efficiency and whether they achieve results intended.

The audit staff is supervised by two deputies, and audit director and five audit managers. It has a staff of 135 professionals.

The State Auditor also administers the North Carolina Firemen's and Rescue Squad Workers' Pension Fund. The fund has a current membership of approximately 22,000 active and 4,000 retired members.

### NORTH CAROLINA DEPARTMENT OF COMMERCE

The Department of Commerce was established as part of the State Government Reorganization Act of 1971. At that time, the Department consisted almost entirely of regulatory agencies and Employment Security Commission.

In 1977, the economic development divisions, state ports, and energy programs were merged into the Department of Commerce. Thus, for the first time, all major state government programs designed to develop and promote economic development in North Carolina were consolidated within one department.

The regulatory agencies use their authority independently of the Commerce department, including holding hearings and engaging in rule making. The department provides administrative services for those regulatory agencies.

Among the Department's most important non-regulatory agencies are its five Economic Development Divisions. Supervised by the Secretary and the North Carolina Board of Economic Development, the divisions are also directed to assist the Department's Assistant

Secretary for Traditional Industry. The divisions are:

**Business/Industry Development Division.** This division is North Carolina's lead industrial recruitment and business assistance agency. Its staff works closely with other public and private development organizations to encourage the growth and expansion of North Carolina's existing companies, as well as to attract new industries to the state. The Division operates a statewide office in Raleigh and eight regional field offices.

**International Division.** As its name implies, the department's International Division is primarily responsible for North Carolina's foreign trade and industrial recruitment activities. With representatives in Tokyo, Japan and Dusseldorf, West Germany, the division helps foreign firms interested in establishing new business operations in North Carolina, and assists Tar Heel firms in marketing products and services overseas.

**Small Business Development Division.** While the Business/Industry Development Division works with existing firms, Commerce's Small Business Development Division acts to encourage the growth and development of new businesses and smaller firms that are already operational. The division operates a clearinghouse for small business information and referrals, and serves as an advocate for small business concerns in government policy making. The Division's Office of Minority Business Development helps minority-owned firms and certifies firms for the state's purchasing program to assist minority-, women-, and disabled-owned enterprises.

**Travel and Tourism.** Operates as a Chamber of Commerce for the entire state. The division promotes North Carolina as a vacation destination. The purpose of the division is to increase travel expenditures in North Carolina, create additional employment and personal income for those employed by the Travel Industry, and to strengthen the overall economy of the state. This is achieved by conducting the state travel advertising campaign, servicing travel inquires, and producing a public relations program on behalf of the state.

**Film Office.** Established in 1980 to encourage and assist motion picture and television production activity throughout the state, the office operates as a specialized unit of economic development under the direction of the Secretary. Primary targets of the office's recruitment program are major Hollywood studio productions, television commercials, and independent theatrical and television films.

## STATEMENTS OF ORGANIZATION

Other non-regulatory agencies housed within the Department of Commerce and important to North Carolina's overall economic development are:

**State Ports Authority.** North Carolina operates state ports at Wilmington and Morehead City and leases operation of a small harbor at Southport as well as the Charlotte Intermodal Terminal in Charlotte. Ships from most of the world bring or pick up goods at the Morehead City and Wilmington Ports. Under the direction of the Secretary and **The State Ports Authority Board**, the State Ports Authority promotes the use of North Carolina's ports, oversees construction of facilities at the ports, and operates ports services, such as cranes to unload the goods off the ship.

**Energy Division.** Duties and responsibilities are to serve as the principal agency in state government to promote energy efficiency, prepare and implement emergency energy plans, prepare energy forecasts, provide energy information, support the Energy Policy Council, and provide energy policy support to the Governor.

**Employment Security Commission.** Administers the North Carolina Employment Service, North Carolina's unemployment insurance program, and prepares labor market information.

The Commission's Employment Service provides job placement services to all members of the public, including interviewing, counseling, testing, job development, and referral. Specialized services are available to the handicapped, the aged, youth, veterans, and to migrant and seasonal farm workers. The Employment Service is also involved in the administration of such federal programs as Work Incentive (WIN), Veterans Employment Service (VES), and the Job Training Partnership Act (JTPA).

The unemployment insurance program provides benefits to workers unemployed through no fault of their own. The ESC determines entitlement to benefits and makes payments to eligible claimants. The agency also administers federal unemployment insurance programs such as Federal Supplemental Benefits (FSB); Special Unemployment Assistance (SUA); Unemployment Compensation for Federal Employees (UCFE), and others.

The Labor Market Information division of ESC statistical department compiles figures on unemployment and employment in wages, projected occupational needs, and other data. This

information is used by federal and state officials, planners, and prospective employers for a variety of purposes.

**Technological Development Authority.** Provides direct seed capital financing for North Carolina small businesses developing new or improved products and processes. The authority also provides direct grants to nonprofit community-based organizations establishing small business 'incubator' facilities designed to house and support new small businesses in their earliest stages of development.

### REGULATORY AGENCIES

Regulatory agencies housed in the Department of Commerce include:

**Alcoholic Beverage Control Commission.** Responsible for controlling all aspects of the sale and distribution of alcoholic beverages in North Carolina. The State's system is unique among the 50 states because of more than 152 separate county and municipal ABC Boards which are responsible for the sale of alcoholic beverages in the counties of cities or the State. In each case a vote of the people was required to establish the system.

**Banking Commission.** Regulates and supervises the activities of the 49 banks and their 874 branches chartered under the laws of North Carolina. The Commission is responsible for the safe conduct of business; the maintenance of public confidence; and the protection of the banks' depositors, debtors, creditors, and shareholders. The staff of the Office of Commissioner of Banks conducts examinations of all state-chartered banks and consumer finance licensees; processes applications for new banks, applications for branches of existing banks, and all applications for licenses. In addition, the Office of Commissioner of Banks supervises the state's bank holding companies, Sale of Checks Act licensees, and pre-need burial trust fund licensees.

**Burial Commission.** Supervises and audits 280 North Carolina mutual burial associations, which have approximately one-half million members. A mutual burial association is a nonprofit corporation that pays a limited amount toward burial expenses.

**Cemetery Commission.** Regulates and supervises the activities of cemeteries, cemetery management organizations, cemetery sales organizations, cemetery brokers, and individual pre-need cemetery sales people licensed under the laws of North Carolina. Its principal function is

to conduct examinations of all licensed cemeteries. It also authorizes the establishment of and licenses cemeteries, cemetery sales organizations, cemetery management organizations, cemetery brokers, and pre-need salespeople.

**Credit Union Commission.** Supervises and regulates the operations of 192 state chartered credit unions, which serve over 450,000 members. Its staff conducts annual examinations of all credit unions to insure proper bookkeeping and compliance with the law.

**Industrial Commission.** Administers the Workers' Compensation Act (NC G.S. 97-1, et seq.); the State Tort Claims Act (NC G.S. 143-291, et seq.); and the Law Enforcement Officers', Firemen's and Rescue Squad Workers' Death Benefit Act (NC G.S. 143-166.1, et seq.). Additionally, the Commission has been charged with the responsibility for administering the Childhood Vaccine-Related Injury Compensation Program (NC G.S. 130-422, et seq.), effective October 1, 1986. The Commission administratively handles approximately 200,000 claims per year and conducts trials in nearly 5,000 contested claims annually.

**Milk Commission.** Formed in 1953, the Commission has the primary responsibility of assuring that an adequate supply of wholesome milk is available to the state's citizens. To accomplish this, the Commission has been given the authority to regulate the production, marketing, and distribution of milk. The Commission establishes the minimum prices milk producers are paid for raw milk.

**Rural Electrification Authority.** Supervises 28 electric membership corporations and 9 telephone membership corporations in the state to see that they apply their rules and regulations on a non-discriminatory basis to individual North Carolinians. It also acts as an ombudsman for member complaints and as the liaison between the membership corporations and the United States Rural Electrification Administration for federal loans. All loan applications must first have the approval of the North Carolina Rural Electrification Authority Board before they can be considered by the federal Rural Electrification Administration.

**Savings and Loan Commission.** Regulates and supervises savings and loan associations chartered under the laws of North Carolina. Its principal functions are to supervise and to examine all state-chartered savings and loan associations and to process applications for new charters, branches, mergers, and acquisitions.

**Utilities Commission.** Regulates rates of various utilities. It also investigates customer complaints regarding utility operations and services. The seven member Commission has jurisdiction over public electric, telephone, natural gas, water and sewer companies, passenger carriers, freight carriers, and railroads.

**Utilities Commission Public Staff.** Created by the legislature in 1977, the Public Staff represents customers in rate cases and other utilities matters. This independent staff appears before the Commission as an advocate of the using and consuming public.

Together, the Commerce Department's regulatory and non-regulatory agencies now employ approximately 2,600 workers; roughly 2,000 of these are housed in the Employment Security Commission. The Department's annual budget, not including Employment Security, totals around \$70,000,000, roughly \$9,250,000 of which is federal funds. The Employment Security Commission, which is funded entirely by the federal government, operates on an annual budget of approximately \$67,000,000.

In summary, the North Carolina Department of Commerce serves the public in a variety of ways.

By recruiting new industry, encouraging the development of small businesses and other existing firms, and promoting tourism and international trade, the Department encourages the creation of new jobs and other forms of economic opportunity which contribute to North Carolina's overall quality of life.

Through the Employment Security Commission, the Department administers North Carolina's unemployment insurance program and provides free job placement services for North Carolina citizens.

Finally, Commerce's regulatory agencies work to assure fair and equitable treatment for consumers and producers throughout the state's economy.

## NORTH CAROLINA DEPARTMENT OF LABOR

## STATEMENTS OF ORGANIZATION

The Department of Labor is an independent executive agency created under Chapter 95 of the North Carolina General Statutes. The department is responsible for promoting the safety, health and general well-being of the industrial population of the state. The department administers and enforces health and safety regulations, wage and hour laws, apprenticeship regulations, mine and quarry regulations, elevator, amusement device and aerial passenger tramway regulations, boiler and pressure vessel regulations, regulations for private employment agencies and the hazardous chemical right-to-know law. In addition, the department offers arbitration and mediation services for labor management disputes.

The Commissioner of Labor, who is a member of the Council of State and elected by the people of the state for a term of four years, is the executive and administrative head of the department. The Commissioner is assisted by an assistant commissioner and a special assistant for productivity.

The department is organized into three major groups, each under the supervision of a deputy commissioner. These groups are Administration and Regulation, Education and Training, and Health and Safety.

The Administration and Regulation Group is supervised by the Chief Deputy Commissioner. This group is composed of the Arbitration, Conciliation and Mediation Division, the Private Personnel Service Division, the Research and Statistics Division, the Wage and Hour Division, the Budget Division, and the Personnel Division. The Arbitration, Conciliation and Mediation division works to promote permanent labor-management peace and to protect the interest and rights of labor, management, and the people of the state by the prevention and prompt settlement of labor disputes. The division offers (1) voluntary arbitration services of labor disputes through its voluntary arbitration panel, (2) conciliation and mediation services in labor disputes, (3) educational services in labor relations, and (4) technical services in labor relations. The Private Personnel Services Division regulates and licenses private personnel services and job listing services by enforcing the provisions of the Regulation of Private Personnel Services Act and the Regulation of Job Listing Services Act. The Research and Statistics Division compiles and publishes comprehensive data on occupational injuries and illnesses in the state. The division also assembles and publishes monthly data on building activity in North Carolina by county and by cities. The

Wage and Hour Division enforces the minimum wage, overtime, wage payment, and youth employment laws of the state. The division investigates worker complaints and collects back wages due employees. The Budget Division is charged with the preparation of the budget of the department and with the allocation of funds to the divisions of the department. The Personnel Division is responsible for all personnel activities in the department including recruiting, hiring and orienting.

The Education and Training Group is organized into two divisions: Apprenticeship and Training, and Pre-Apprenticeship. The Apprenticeship and Training Division promotes and monitors a broad range of apprenticeship programs designed to train journeyman-level craftworkers to meet the demands of industries for high-skilled workers. Apprenticeship programs are established with private employers or under the sponsorship of labor-management committees. Apprenticeships combine on-the-job experience with related technical training furnished by the individual employer or at a technical institute or community college. The division establishes standards, approves apprenticeship programs which meet established criteria, is a records depository and issues completion certificates to citizens who complete apprenticeship training. The Pre-Apprenticeship Division promotes opportunities for skills training through on-the-job training programs, pre-apprenticeship programs, and skills up-grading programs. Division representatives meet employers to help design skill training programs designed to meet the employers' needs.

The Health and Safety Group is organized into five divisions: the Boiler and Pressure Vessel Division, the Elevator and Amusement Device Division, the Mine and Quarry Division, the Occupational Safety and Health Division and the Right to Know Division. The Boiler and Pressure Vessel Division regulates the construction, installation, repair, alteration, inspection, use and operation of vessels subject to the Uniform and Pressure Vessel Act of North Carolina. The division conducts periodic inspections, monitors inspection reports by certified insurance company inspectors, and issues operating certificates to owners and operators whose equipment is found to be in compliance with the act. The Elevator and Amusement Device Division is responsible for the proper installation and safe operation of all elevators, escalators, workers' hoists, dumbwaiters, moving walks, aerial passenger tramways, amusement rides, inclined railways and lifting devices for persons with disabilities which operate in public establish-

ments and private places of employment. The Mine and Quarry Division enforces the Mine Safety and Health Act of North Carolina. The division conducts a program of inspections, education and training, technical assistance, and consultation to implement the Act. The division also assists mine and quarry operators to comply with the provisions of the 1977 federal Mine Safety and Health Act. The Occupational Safety and Health (OSH) Division administers and enforces the Occupational Safety and Health Act of North Carolina which is a broadly inclusive law that applies to most private sector employment in the state, and to all agencies of state and local government. In addition to enforcing the state OSHA standards, the program offers free consultative services, education and training opportunities, and engineering assistance to employers under its jurisdiction. The OSH Division also administers the Safety Awards Program which recognizes private firms and public agencies which achieve and maintain good safety records. The Right to Know Division administers the North Carolina Hazardous Chemicals Right to Know Act of 1985 which requires all users of hazardous chemicals in amounts of at least 55 gallons or 500 pounds to provide lists of these materials to local fire chiefs.

Support services for the department are handled through a Communications Division, a Publications Division and a library. The Communications Division informs the public of the laws, programs, services and work of the department by writing and disseminating news and feature releases of the department's activities to the press and by providing a liaison with the media. The Publications Division provides publishing and printing support to the programs of the department. The Charles H. Livengood, Jr. Memorial Labor Law Library, which is staffed by a full time librarian and open to the public, serves as a resource center for the department.

Six advisory groups assist the Commissioner with policy development and program planning. These are the Apprenticeship Council, the Board of Boiler and Pressure Vessel Rules, the Industry Advisory Board, the Mine Safety and Health Advisory Council, and the Occupational Safety and Health Advisory Council, and the Private Personnel Services Advisory Council. A separate unit independent from the Department of Labor is the Occupational Safety and Health Review Board, which hears appeals of citations and penalties imposed by the OSH Division and whose members are appointed by the Governor.

## NORTH CAROLINA DEPARTMENT OF CRIME CONTROL AND PUBLIC SAFETY

The North Carolina Department of Crime Control and Public Safety was established by the 1977 General Assembly to serve as an umbrella department for essential state government services related to the well-being of its citizens. As its name implies, the department serves as the state's chief coordinating agency for controlling crime and protecting the public.

When you attend a Community Watch meeting or observe a trooper catch a speeder, re-

member the Department of Crime Control and Public Safety is working hard to reduce and control crime.

By the same token, when you hear of hurricanes, plane crashes or nuclear accidents, know also that Crime Control and Public Safety will be on the scene to make sure disaster victims receive aid and help.

Wherever or whatever the need, the Department of Crime Control and Public Safety is working with you to make North Carolina a safer and better place to live.

The Department of Crime Control and Public Safety has nine divisions and the Office of the Secretary. The Secretary's staff is located in the Archdale Building in Raleigh. They include three assistant secretaries and personnel from the fiscal, personnel, information services, purchasing and staff development sections.

The Assistant Secretary for Administration is responsible for the operation of the Office of the Secretary and has full authority in the absence of the Secretary. The Assistant Secretary for Public Safety oversees the operations of the divisions of the National Guard, Civil Air Patrol, Butner Public Safety and Emergency Management. The Assistant Secretary for Crime Control oversees the operations of the State Highway Patrol, Alcohol Law Enforcement, Victim and Justice Services, Crime Prevention and Governor's Crime Commission.

### Alcohol Law Enforcement

The Division of Alcohol Law Enforcement (ALE) enforces the state's laws governing the sale, purchase, transportation, manufacture and possession of intoxicating liquors and controlled substances. Anyone who sells beer, wine or alcohol in North Carolina must have a license. Before that license can be issued, an ALE agent must investigate the applicant and the place where the products will be sold. Once the license is granted, ALE agents check back periodically to ensure that no liquor or drug laws are being violated, such as selling alcohol to a minor. With the passage of the Safe Roads Act of 1983 and the drinking age change law of 1986, ALE is making a special effort to reduce the sale of alcohol to anyone under the age of 21. ALE agents routinely conduct undercover operations, utilizing under-age persons, to check licensed outlets to see if they are selling to minors. Enforcement is one part of an ALE agent's job. Public education and awareness are also important. ALE conducts Driving While Impaired

(D.W.I.) Source Prevention seminars at which employees of outlets are instructed about irresponsible service of alcohol. ALE agents also speak to community, church, civic, professional and school groups about alcohol laws and regulations.

### Butner Public Safety

The personnel of the Butner Public Safety Division are trained to perform a variety of functions, because the people and facilities they protect and serve are just as varied. Butner Public Safety officers provide police and fire protection to the patients and staffs of the state hospitals at Butner, other state facilities there and the community of Butner. Their jurisdiction, some 35-square miles is also varied in terms of terrain, type of facilities and population. Officers patrol the streets of Butner and the grounds of the more than 11 state facilities there. They provide protection for the 4,600-acre National Guard training range, and officers are also responsible for fire prevention and suppression. When a fire occurs at any facility, including Butner federal correctional facility, Butner Public Safety officers are on the scene. These officers are unique, because their duties are unique. One hour, they may be called on to fight a raging fire, and the next hour, these same officers may be called on to capture a bank robber. Butner Public Safety officers are trained to do each job with skill and courage.

### Civil Air Patrol

The Civil Air Patrol (CAP) is a volunteer organization and an official auxiliary of the United States Air Force. CAP has three missions of service to the public. Its primary responsibilities are to perform search and rescue missions for missing or downed aircraft and to provide disaster relief assistance during emergencies. CAP personnel play a vital role in the state's emergency plan. Personnel fly aircraft for transportation, aerial photography and courier service. The Civil Air Patrol's communications system provides backup communications during disasters. CAP also promotes aerospace education. Interest in aerospace education is encouraged by membership in the CAP cadet program. The cadet program is a strong part of CAP's service to North Carolinians. It gives young people, ages 13 through 18, opportunities for leadership and education through aviation. Cadets regularly participate in drills and exercises to test the readiness of each squadron to respond to a call for assistance. There are 42 squadrons in the North Carolina CAP wing. Many CAP members operate their own airplanes and fly at

their own expense; however, membership dues, donations, grants, estates, state funds and Air Force reimbursements account for a large portion of their budget.

### Crime Prevention

The Crime Prevention Division works to prevent crimes against property, crimes of violence and juvenile crimes in North Carolina. The division provides crime prevention education to the citizens of North Carolina through various organizations, including law enforcement, schools, community groups and news media. The goal is to get citizens involved in the fight against crime by establishing community, county and statewide crime prevention programs. Staff members in the Crime Prevention Division keep track of changing crime trends and stay abreast of the latest state and national crime prevention programs. In addition to providing technical assistance to organizations, crime prevention specialists also help citizens to overcome the fear of crime. Several crime prevention programs are promoted or coordinated by the division. These include Community Watch, HAM Watch, Athletes Against Crime, Crime Prevention for Older Adults, Crime Prevention in Public Housing, Child Safety Identification and Crime Stoppers. A variety of crime prevention and awareness materials are available, free of charge, from the division.

### Emergency Management

The Division of Emergency Management is responsible for protecting North Carolinians from the effects of disasters, natural and man-made. The division offers assistance to local and county officials, through the state office and six area offices strategically located across North Carolina. Division personnel work with local governments to develop emergency action plans for such hazards as chemical spills, fires, floods, tornadoes, hurricanes and nuclear incidents. These plans are routinely tested by communities during drills and table-top exercises with the assistance of the division's training staff. When an emergency arises or a disaster threatens, the state's response is directed by the State Emergency Response Team (SERT). Representatives from each agency involved in the emergency response serve on the team. This team works out of the Emergency Operations Center (EOC) in Raleigh. In the past, the SERT has coordinated the response and recovery efforts for many emergencies including the tornadoes of 1984, Hurricanes Diana and Gloria, forest fires which blackened North Carolina in 1985 and 1986 and the drought of 1986.

### Governor's Crime Commission

The Governor's Crime Commission is the chief advisory board to the Governor and the Secretary of Crime Control and Public Safety on crime and justice issues. The Crime Commission is made up of 40 members, including the heads of statewide criminal justice and human services agencies as well as representatives from the courts, law enforcement, local government and legislature. Juvenile justice officials and concerned citizens also serve on the Crime Commission. The Commission plans more effective approaches to the problem of crime, coordinates the work of various elements of the criminal justice system and, through the staff, administers several statewide criminal justice programs. Members of the staff for the Crime Commission research criminal justice practices, conduct public hearings on subjects of interest to the Commission and support the Commission. As a coordinating and planning body, the Crime Commission studies issues and makes reports to the Governor on a wide range of criminal justice subjects, including its biennial legislative agenda which recommends statutory changes in criminal laws and recommends criminal justice programs. The Crime Commission has been a force behind the passage of such laws and programs as North Carolina's tough Driving While Impaired (D.W.I.) law, Community Service Work Program, Community Watch Programs and Rape Victim Assistance. Community-based alternatives to prison, in-school suspension, juvenile court counselors and computerized criminal justice information systems were also recommended by the Crime Commission.

### National Guard

The North Carolina National Guard, with its more than 13,000 members, has a dual role. It is a state militia subject to the call of the Governor, and it is a federal reserve force subject to the call of the President. Led by the Adjutant General, the Guard raises and trains ground and air troops for mobilization when state or national emergencies require military support. The North Carolina Army National Guard is located in more than 100 communities across the state with more than 12,000 personnel. The North Carolina Air National Guard, with units in Baden and Charlotte, has more than 1,300 personnel. As part of its peacetime mission, the National Guard assists the public in times of emergency or civil disorder. Guard aviation units support local governments in searching for missing persons, assist law enforcement with aerial searches for marijuana and carry drinking water to drought-

stricken communities or those whose supplies have been contaminated. To maintain its readiness for wartime missions, Guard troops are trained and equipped like their counterparts on active military duty. The state is responsible for raising and training the troops to Federal standards.

### Highway Patrol

Since 1929, the North Carolina State Highway Patrol has provided for the safety of the motoring public by enforcing motor vehicle laws on the state's highways. The largest state law enforcement agency, the Patrol has more than 1,100 uniformed members. The patrol is divided into eight troops headquartered in Greenville, Fayetteville, Raleigh, Salisbury, Monroe, Newton, Greensboro and Asheville. Each headquarters has its own motor pool, and its sophisticated radio network links each patrolman to his headquarters. The Highway Patrol maintains a comprehensive training center near Raleigh for the training of new officers and continuing in-service schools. Troopers study constitutional and motor vehicle laws and learn pursuit driving and firearms techniques. State Troopers provide many additional services to North Carolina such as assisting stranded motorists, directing traffic at sporting events and the State Fair and providing security to the governor and his family. The Patrol plays a vital role in the state's emergency response plans. Anytime a local government has a law enforcement or emergency problem, they may call on the State Highway Patrol for help. Troopers have been called on to help evacuate victims of natural disasters or to transport blood, donor organs or seriously ill people.

### Victim and Justice Services

The Division of Victim and Justice Services administers statewide victim and community service programs. The community service programs include Driving While Impaired (D.W.I.) Community Service, First Offender Programs (Misdemeanor and Felony Diversion), Court-Ordered Community Service and Early Release Parole Community Service. The Division has field offices in each of the 34 judicial districts in North Carolina to administer these programs. The field staff is responsible for placing defendants in local, state and nonprofit agencies to perform free work as a condition of their suspended jail sentence. The division administers various programs for victims. The Rape Victim Assistance Program provides financial assistance up to \$500 for victims of rape and sexual assault. This program also underwrites a standardized rape evidence collection kit which is used by hospitals to collect

evidence. The Division also offers programs for law enforcement agencies on operational management improvements, stress management, 911 planning and implementation and coordination of mutual aid agreements. The Division operates the North Carolina Center for Missing Persons. Trained staff members at the Center locate missing persons, especially children. They also help families coordinate searches and exchange information with law enforcement agencies and the National Center for Missing and Exploited Children. Calls are received from a 24-hour toll free hotline (1-800-522-KIDS).

###### .0407 BUSINESS LOANS

(a) **Ten Percent Limit.** No loan or line of credit advance may be made to any member if such loan or advance would cause that member to be indebted to the North Carolina credit union upon loans and advances made to the member in aggregate amount exceeding 10 percent of the credit union's total unimpaired shares and surplus. In the case of member business loans, as

herein defined, additional limitations apply as set forth in this Rule.

(b) **Prohibited Fees.** A North Carolina credit union shall not make any loan or extend any line of credit if, either directly or indirectly, any commission, fee or other compensation is to be received by the credit union's directors, committee members, senior management employees, loan officers, or any immediate family members of such individuals, in connection with underwriting, insuring, servicing, or collecting the loan or line of credit. However, salary (except commissions) for employees is not prohibited by this Section. For purposes of this Section, "senior management employees" means the credit union's chief executive officer (typically this individual holds the title of President or Treasurer/Manager), any assistant chief executive officers (e.g., Assistant President, Vice President or Assistant Treasurer/Manager) and the chief financial officer (Comptroller), and "immediate family member" means a spouse or other family member living in the same household.

(c) **Nonpreferential Treatment.** The rates, terms and conditions on any loan or line of credit either made to, or endorsed or guaranteed by:

- (1) an official,
- (2) an immediate family member or an official, or
- (3) any individual having a common ownership, investment or other pecuniary interest in a business enterprise with an official or with an immediate family member of an official,

shall not be more favorable than the rates, terms and conditions for comparable loans or lines of credit to other credit union members. "Immediate family member" means a spouse or other family member living in the same household.

(d) **Member Business Loans.**

(1) **Definitions.**

(A) "Member business loan" means any loan, line of credit, or letter of credit, the proceeds of which will be used for a commercial, corporate, business, or agricultural purpose, except that the following shall not be considered member business loans for purposes of this Section:

- (i) A loan that is fully secured by a lien on a one to four family dwelling that is:
  - (I) the member's primary residence; or
  - (II) the member's secondary residence; or
  - (III) one other such dwelling owned by the member.
- (ii) A loan that is fully secured by shares in the credit union or deposits in other financial institutions.
- (iii) A loan, the proceeds of which are used for a commercial, corporate, business,

or agricultural purpose, made to a borrower or an associate member (as defined herein), which, when added to other such loans to the borrower or associated member, is less than twenty-five thousand dollars (\$25,000).

- (iv) A loan, the repayment of which is fully insured or fully guaranteed by, or where there is an advance commitment to purchase in full by, any agency of the Federal government or of a state or any of its political subdivisions.
- (B) "Reserves" means all reserves, including the Allowance for Loan Losses account, and undivided earnings or surplus.
- (C) "Associated Member" means any member with a common ownership, investment or other pecuniary interest in a business or commercial endeavor.
- (D) "Immediate Family Member" means a spouse, or other family member living in the same household.
- (2) Requirements. A North Carolina credit union may make member business loans only in accordance with the applicable provisions of this and all other Rules promulgated by the North Carolina Credit Union Administrator, including the following requirements:
  - (A) Written Loan Policies. The board of directors must adopt specific business loan policies and review them at least annually. The policies shall, at a minimum, address the following:
    - (i) Types of business loans that will be made.
    - (ii) The credit union's trade area for business loans.
    - (iii) Maximum amount of credit union assets, in relation to reserves, that will be invested in business loans.
    - (iv) Maximum amount of credit union assets, in relation to reserves, that will be invested in a given category or type of business loan.
    - (v) Maximum amount of credit union assets, in relation to reserves, that will be loaned to any one member or group of associated members as herein defined.
    - (vi) Qualifications and experience of personnel involved in making and administering business loans.
    - (vii) Analysis of the ability of the borrower to repay the loan.
    - (viii) The following considerations shall be addressed unless the board of directors finds that they are not appropriate for a particular type of business loan and states the reasons for those findings in

the credit union's written policies: balance sheet, trend and structure analysis; ratio analysis of cash flow, income and expenses, and tax data; leveraging; comparison with industry averages; receipt and periodic updating of financial statements and other documentation, including tax returns.

- (ix) Collateral requirements, including loan-to-value ratios; appraisal, title search and insurance requirements; steps to be taken to secure various types of collateral; and how often the value and marketability of collateral is reevaluated.
- (x) Appropriate interest rates and maturities of business loans.
- (xi) Loan monitoring, servicing and follow-up procedures, including collection procedures.
- (xii) Provision for periodic disclosure to the credit union's member of the number and aggregate dollar amount of member business loans.
- (xiii) Identification, by position, of those senior management employees prohibited from receiving member business loans by Section (c) of this Rule.
- (B) Business Loans to One Borrower. Unless a greater amount is approved by the North Carolina Credit Union Administrator, the aggregate amount of outstanding member business loans to any one member or group of associated members shall not exceed 20 percent of the credit union's reserves. If any portion of a member business loan is fully secured by a one to four family dwelling that is the member's primary residence, secondary residence, or one other such dwelling owned by the member, or by shares in the credit union, or deposits in another financial institution, or insured or guaranteed by, or subject to an advance commitment to purchase by, any agency of the Federal government or of a state or any of its political subdivisions, such portion shall not be calculated in determining the 20 percent limit. Credit unions seeking an exception from the 20 percent limit must present the Administrator with, at a minimum: the higher limit sought; an explanation of the need to raise the limit; an analysis of the credit union's prior experience making member business loans; and a copy of its business lending policy.
- (C) Allowance for Loan Losses.
  - (i) The determination whether a member business loan will be classified as substandard, doubtful, or loss, for purposes

## PROPOSED RULES

of the valuation allowance for loan losses, will rely on factors not limited to the delinquency of the loan. Non-delinquent loans may be classified, depending on an evaluation of factors, including, but not limited to, the adequacy of analysis and documentation.

(ii) Loans classified shall be reserved as follows:

(I) Substandard loans at ten percent of outstanding amount unless other factors (e.g., history of such loans at the credit union) indicate a greater or lesser amount is appropriate. Loans classified as substandard loans are inadequately protected by the current sound worth and paying capacity of the obligor or of the collateral pledged, if any. Loans classified must have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the credit union will sustain some loss if the deficiencies are not corrected. Loss potential, while existing in the aggregate amount of substandard loans, does not have to exist in individual loans classified substandard.

(II) Doubtful loans at 50 percent of outstanding amount. Loans classified as doubtful loans have all the weaknesses inherent in ones classified substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. The possibility of loss is extremely high, but because of certain important and reasonably specific pending factors which may work to the advantage and strengthening of the loan its classification as an estimated loss is deferred until its more exact status may be determined. Pending factors include: proposed merger, acquisition, or liquidation actions, capital injection, perfecting liens on additional collateral, and refinancing plans.

(III) Loss loans at 100 percent of outstanding amount. Loans classified as loss loans are considered uncollectible and of such little value that their continuance as loans is not warranted. This classification does not necessarily mean that the loan

has absolutely no recovery or salvage value, but rather it is not practical or desirable to defer writing off this basically worthless asset even though partial recovery may occur in the future.

(c) Member Business Loan Prohibitions.

(1) Senior Management Employees. A North Carolina credit union may not make member business loans to the following non-volunteer, senior management employees, or to any associated member or immediate family member of such employees:

(A) Any member of the Board of Directors who is compensated as such.

(B) The credit union's chief executive officer (typically this individual holds the title of President or Treasurer/Manager).

(C) Any assistant chief executive officers (e.g., Assistant President, Vice President, or Assistant Treasurer/Manager).

(D) The chief financial officer (Comptroller).

(2) "Equity Kickers." A North Carolina credit union shall not grant a member business loan where a portion of the amount of income to be received by the credit union in conjunction with such loan is tied to the profit of the business or commercial endeavor for which the loan is made.

(f) Effective Date.

(1) This Rule is effective as of January 1, 1988. On and after that date, a North Carolina credit union may make member business loans only after adopting and implementing written loan policies as required by this Rule. All member business loans made on or after that date must be in full compliance with this Rule.

(2) On or before January 1, 1988, a North Carolina credit union must notify the North Carolina Credit Union Administrator, in writing, of any outstanding member business loans made prior to that date that do not satisfy the requirement of this Rule.

The MCC reduces the federal income taxes of eligible home buyers that purchase qualified residences. The MCC can assist the purchase of either a new or an existing single family residence.

- (2) The purchaser must be a first-time home buyer and cannot have had an ownership interest in a principal residence during the three-year period preceding the execution of the MCC, except in certain targeted areas where the requirement will not apply.
- (3) The purchaser must buy a home located in North Carolina which has an acquisition cost not exceeding 90 percent of the average area purchase price published by the Department of Treasury, except in certain targeted areas where 110 percent of the average area purchase price may be allowed.
- (4) The purchaser must not have family income exceeding 115 percent of the applicable median family income published by the Department of Housing and Urban Development, except in certain targeted areas where 140 percent of the median family income may be allowed.

These requirements are described in greater detail in the MCC Program Operating Manual.

## PROPOSED RULES

*Statutory Authority G.S. 122A-5; 122A-5.1; 122A-5.4; 122A-5.6.*

### .0603 PROCEDURES

(a) The agency will have overall administrative responsibility for the MCC program in North Carolina and will delegate part of its administrative role to participating lenders through a Lender Participation Agreement. Lender responsibilities will include:

- (2) loan origination and MCC application origination;
- (3) loan underwriting;

MCC processing will generally coincide with the lender's regular credit underwriting procedures. In addition, the borrower must certify that required state and federal regulations will be met. These requirements, which are described in greater detail in Section 143 of the Internal Revenue Code and the MCC Program Operating Manual, relate to:

- (1) residency requirements;
- (2) first-time home ownership;
- (3) purchase price limits;
- (4) borrower income limits;
- (5) loans in targeted areas; and
- (6) certain loan financing requirements.

- (3) on the discovery of any material misstatement.

(d) The following reporting requirements will be met.

- (2) Lenders will file an annual report to the IRS on forms provided by the IRS for each MCC - assisted mortgage.

*Statutory Authority G.S. 122A-5; 122A-5.1; 122A-5.4; 122A-5.6.*

### .0604 MCC COMMITMENT

To reserve an MCC for a borrower and secure a commitment from the agency, the following procedure will be followed:

- (1) the lender will reserve an MCC by calling the agency;
- (2) an MCC submission package, which is described in the MCC Program Operating Manual, will be delivered to the agency for an MCC commitment;
- (3) the agency will process the package on a first-come, first-served basis. An exception to this policy will be made only for emergency cases in which the agency received a written request for priority processing from the lender;
- (4) the agency will review the MCC package for acceptability and completeness and, if it approves the package, the agency will issue an MCC commitment that will be valid for a specified period of time.
- (5) MCC commitments are issued based upon the lender's certification that all necessary requirements have been met. The lender must notify the agency of any changes affecting the conditions under which the commitment was issued.

## SUBCHAPTER 1K - UNSUBSIDIZED MULTIFAMILY MORTGAGE PURCHASE PROGRAM

### SECTION .0500 - DISTRESSED PROJECTS

#### .0501 PURPOSE

The purpose of this Section is to temporarily facilitate higher occupancy levels in certain rental

housing projects financed by the agency that are experiencing financial difficulties due to low occupancy levels. The assistance to be provided by the agency will be provided by allowing units in these projects to be leased on a temporary basis to persons and families with incomes which exceed the agency's low-and moderate-income levels.

*Statutory Authority G.S. 122A-5; 122A-5.1; 122A-5.4.*

**.0502 DISTRESSED RENTAL HOUSING PROJECT DEFINED**

A distressed rental housing project ("distressed project") means any multifamily residential rental project financed by the agency that, as determined by a resolution of the Board of Directors of the agency, has an occupancy level below that for sustaining operation and therefore needs to increase its occupancy levels to avoid foreclosure.

*Statutory Authority G.S. 122A-5; 122A-5.1; 122A-5.4.*

**.0503 DETERMINATION BY BOARD OF DIRECTORS**

In making its determination that a rental housing project is a distressed project within the meaning of Rule .0502 of this Subchapter, the Board of Directors of the agency shall consider:

- (1) the occupancy rates of the project;
- (2) the market conditions affecting the project;
- (3) the costs of operating the project;
- (4) the debt service for the project;
- (5) the management of the project; and
- (6) such other factors the Board of

Directors may deem to be relevant to the situation.

*Statutory Authority G.S. 122A-5; 122A-5.1; 122A-5.4.*

**.0504 PROCEDURE**

(a) The Board of Directors of the agency may determine, by resolution, to permit a specified number of units, not in excess of ten percent of

the rental units in any distressed project, as determined according to the criteria established in Rule .0502 of this Subchapter, to be rented to persons or families without regard to income until the first of the following events occurs:

- (1) occupancy levels, in the judgement of the agency, will sustain operations at a level sufficient to prevent delinquency in project mortgage payments or mortgage default; or
- (2) June 30, 1989.

(b) In addition to allowing occupancy of rental units to persons and families without regard to income pursuant to Paragraph (a) of this Subsection, the Board of Directors may also determine, by resolution, to permit additional rental units in the distressed project to be rented to persons or families without regard to income, subject to the restrictions imposed by Paragraph (a) of this Subsection, provided that:

- (1) The units in the distressed project that have been available for rent without regard to income pursuant to Paragraph (a) of this Subsection have been available for a period of not less than three months;
- (2) The agency determines, by resolution, that permitting additional units, in excess of ten percent, to be rented without regard to income, is necessary in order for the distressed projects to avoid foreclosure; and
- (3) The total number of housing units at the distressed project allowed to be rented without regard to income shall not exceed 15 percent of the total number of units in the project.

(c) Once a distressed project attains sustaining occupancy at a level satisfactory to the agency, the agency will require the owners to rent only to persons and families of low-and moderate-income. It will require that the units rented without regard to income limitations, pursuant to this Section, be rented to persons of low-and moderate-income when the units next become vacant.
